From the Principal's desk...

Dear Parents, Carers and Community,

Our enrolments are swelling with currently 96 kindergarten students starting here at Valentine PS. This means that we will be forming 23 classes next year and require a demountable classroom to be added to site. The DoE Assets staff have conferred with us and the demountable will be mounted near the K-2 COLA where the pavers used to be. It is a part of the school that needed rehabilitation, so a good choice. There is also an allowance in case we go over to 24 classes in the future. This will be a new design demountable and it will be our 5th Kindergarten classroom for 2020.

Our most recent staff placement has been a merit position to replace Mr Wilson. I would like to thank our panel that included a P&C parent representative, a classroom teacher and an Executive Teacher. It was an open merit position and the successful candidate was Ms Madeline Baillie. Congratulations on becoming a permanent teacher Ms Baillie.

Our reports will be issued on Tuesday 17th December. They will be issued electronically.

- Uploaded to the Sentral Parent Portal
- Emailed to you if we have your email address on file

I would like to commend the teacher's commitment to authentic reporting that stems from a system of formative and summative assessment across both school and stage based data collection. We know our students well and look forward to sharing information with you about where your child/children currently is/are in their learning across six Key Learning Areas and importantly where they are going to next.

We also look forward to delivering a plethora of awards for the most amazing students and adults on our site at the Presentation Day on Friday 13th December followed by Coco's Christmas Carols on the oval from 5.00pm.

Regards
Mrs Saurins
Principal
